 Lecturer and International Speaker

## A UNIQUE OPPORTUNITY 1:1 Mentorship

by  
 DR ARMAN BARFEIE

### Why it is a unique opportunity?

This mentorship offers more than clinical shadowing – it's a personalised blueprint for practice transformation. Unlike generic group training, you'll get one-on-one access to real-time full-arch surgeries, 4D digital workflows, and a roadmap to replicate this success in your own clinic. Only a handful of mentees will be accepted per year to preserve quality and access.

### Format of Training:

- A one-to-one training experience tailored for the observing dentist
- an intensive full day real clinical sessions at LDA
- Mentored case planning and restorative phases
- Observe **live** patient treatments done by the renowned Dr Arman Barfeie
- Post-treatment discussions

### Available Topics:

- Ultimate Digital Dentistry (Jaw motion using Modjaw, tips and tricks of digital impression taking and much more)
- Implantology simple and advanced (Full arch, FP1, FP3)
- Full mouth rehab (teeth and implants and dentures)
- Soft tissue management (around teeth and implants)
- Ultimate tooth/implant preparation and impression taking
- Temporisation
- Multidisciplinary treatment interventions
- Managing patient expectations
- Management of common complications
- And more

\*The topics covered on the day will be decided on a case-by-case basis and tailored to the observing dentist's pre-arranged needs. The required number of mentorship days will also be determined accordingly. For example, full arch implantology and immediate loading will be the whole day mentorship

\*\* the mentorship day may run from 12 to 8 pm without breaks

Location:

London Dental Arts - Forest Hill - SE23 3TW

## Investment & Value

This is not just an observational experience ; it's a strategic investment in your clinical confidence, case acceptance, and long-term practice growth.

The fee is £1,500 per day, or £4,000 for a full 3-day immersion, including:

- Direct chairside access during advanced full-arch, digital, and cosmetic cases
- Private clinical debriefs and treatment planning walkthroughs
- Exposure to Modjaw, photogrammetry, 3D design, and digital occlusion protocols
- Tailored mentorship, based on your goals and clinical level
- A full blueprint of the workflows that have helped us scale London Dental Arts to over 6000 patients and 500+ implants in under 3 years

Most mentees recover this investment with just one full-arch case or two Invisalign conversions.

A single full-arch case generates £12,000-£18,000 in revenue — and this mentorship is designed to help you confidently attract and deliver these cases using predictable systems.

## Limited Availability - Apply Early

To maintain the quality of this mentorship, we accept only 4 mentees per quarter.

Spaces are highly limited and typically book 4-6 weeks in advance.

If you're ready to elevate your digital workflows, case acceptance, and clinical confidence — now is the time to invest in yourself.
